Power up your business!

HTC TyTN

The HTC TyTN 3G Microsoft® Windows Mobile® 5.0-based Pocket PC phone, with its compact size and ultimate connectivity, is truly the complete mobile office solution. Roam anywhere in the world and use the high speed internet access, Bluetooth® and Wi-Fi. It gives you more control than ever over the way you work.

The sliding keyboard makes it even easier to type your emails and messages on the go. With the excellent 2 mega-pixel camera and secondary camera for video calling, staying in contact has never been simpler. Music and pictures can also be easily synchronised, so you have them with you wherever you are.

With the world at your fingertips, the HTC TyTN makes on-the-move business a real pleasure.
